## SAFETY ASSESSMENT

**Company-manufacturer:** LEA 1 Ltd.

**Address:** 17 Tzar Ivan Shishman Str., Sofia

**Cosmetic Product:** MASSAGE OIL "CASYOPEA"

**Category:** Creams, emulsions, lotions, gels and butters/oils for body skin (hands, face, legs, feet, etc.)

**Code:** 010

**Revision:** 01

**Cosmetic file done by:** Research Associate 1<sup>st</sup> degree engineer Lyubomir Stefanov

**Date:** August 10, 2009

This SAFETY ASSESSMENT has been performed in compliance with Articles 3 and Article 10, Paragraph (1), Section 4 and 5 and Paragraph (4) of the Ordinance №36 of Ministry of Health on the Requirements for Cosmetic Products (Official Gazette 101 of 16.12.2005, amended OG 44/2006, OG 75/2006, OG 75/2006, OG 39/2007, OG 106/2007, OG 80/2008) and Council Directive 76/768/EEC.

The risk assessment is based on physicochemical and microbiological properties, specifications and toxicological characteristics of the cosmetic product and its ingredients, its intended purpose, conditions of usage, exposition, packaging, labeling and the probability for unfavorable health effects on consumers. The product does not contain ingredients, classified as carcinogenic, mutagenic or toxic to reproduction. The Product does not contain genetically modified components of animal and plant origin. The Product has not been tested on laboratory animals.

Based on the provided information about the effect on the human health, the Product and its ingredients are considered HARMLESS when used under normal and reasonable predictable conditions.

The information sources for the Safety Assessment of the cosmetic product are available at the company-manufacturer.

This Safety Assessment is subject of update should the information on the Product undergo any modifications.
